Rosma-Marine

2012 – current

I founded the company Rosma-Marine with the belief that project and repair management can be done better, delivering projects on time and within a well-defined budget. Rosma-Marine focusses on technical advice and repair management for ship owners during repairs, surveys and dry-dockings around the world.

Track record

2020

Technical Audit of **Oceanwide Expeditions** on behalf of Bolster Investment Partners to support their purchase of shares in Oceanwide Expeditions.

Emergency docking of Chemical Tanker **Lascaux** on the Island of Martinique on behalf of SeaTankers Shipmanagement.

2021

2nd Special Survey of Self Propelled Jack-Up Barge **GMS Endeavour** in Rotterdam on behalf of Gulf Marine Services

Project management for the LNG bunker line modification on the LNG fuelled Crude Tankers **Eagle Bintulu** and **Eagle Brasilia** in Rotterdam on behalf of Eaglestar Shipmanagement.

Crisis management of the project **LS Jacoba**, a 15000 DWT chemical tanker which was already 9 months under repair before we took on the project. In a timeframe of two months we have redelivered the vessel to her owners with valid class certificates after completion of the third special survey, valid Sire inspection and a working BWTS.

2021/2022

Interim Fleet Management for the company **Lauranne Shipping** in cooperation with interim management provided by Custom Management. Managing eight IMO 2 chemical tankers and a team of five superintendents, a purchasing department and the vetting/QHSE team.

2022

Drydock condition survey for two floating drydocks including writing of drydock procedures.

Site manager for special survey and 20 ton steel repair for cargo barge **Osprey Carrier** and intermediate survey **Osprey Carrier II**.

Docking AHTS **Dutch Blue** for her 2nd special survey in Abidjan Ivory Coast at Carena Shipyard.

2023/2024

New build manager for the hybrid passenger vessel **Laboe** and the battery driven full electric passenger vessel **Dietrichsdorf** on behalf of Holland-Shipyards for Schlepp- und Fährgesellschaft Kiel mbH – SFK.

Bolster.
